

CHFR WORKSHOP:

# Diastolic function in heart failure

NOVEMBER 7TH 2018

12.00 – 15.30

Organizing committee: Emil Espe, Øyvind Senstad Andersen and Ivar Sjaastad (OUH and UiO)

Place: Institute for Experimental Medical Research, 4th floor, Building 7, OUH Ullevål

## PROGRAM

12.00	Coffee and sandwiches
12.15-12.20	<b>Welcome</b> Emil Espe and Øyvind S. Andersen <i>Oslo University Hospital and University of Oslo</i>
12.20-13.05	<b>Keynote talk: Making chicken out of chicken salad: how imaging reflects pathophysiology in diastolic function assessment</b> Frank A. Flachskampf <i>University of Uppsala, Sweden</i> <i>Moderator: Otto A. Smiseth, Oslo University Hospital</i>
13.05-13.20	<b>Break</b>
13.20-13.40	<b>Diastolic function - The roles of relaxation, restoring forces, suction, and passive stiffness</b> Espen Remme <i>Oslo University Hospital</i> <i>Moderator: Thor Edvardsen, Oslo University Hospital and University of Oslo</i>
13.40-14.00	<b>In vivo estimation of passive left ventricular mechanical properties based on cardiac ultrasound images</b> Joakim Sundnes <i>Simula, Oslo</i> <i>Moderator: Emil Espe, Oslo University Hospital and University of Oslo</i>
14.00-14.20	<b>Load-dependent regulation of diastolic function</b> Marianne Ruud <i>Oslo University Hospital and University of Oslo</i> <i>Moderator: William Louch, Oslo University Hospital and University of Oslo</i>
14.20-14.30	<b>Break</b>
14.30-14.50	<b>Treatment of people with hypertension, left ventricular hypertrophy, with and without diastolic dysfunction (HFpEF)</b> Sverre Kjeldsen <i>Oslo University Hospital and University of Oslo</i> <i>Moderator: Ivar Sjaastad, Oslo University Hospital and University of Oslo</i>
14.50-15.10	<b>Left Atrial Strain: its Determinants and Application in the Evaluation of Left Ventricular Filling Pressure</b> Øyvind Senstad Andersen <i>Oslo University Hospital</i> <i>Moderator: Emil Espe, Oslo University Hospital and University of Oslo</i>
15.10-15.30	<b>Exercise intolerance in heart failure patients with preserved EF (HFpEF) – not only diastolic impairment</b> Stig Urheim <i>Haukeland University Hospital, Bergen</i> <i>Moderator: Øyvind Senstad Andersen, Oslo University Hospital</i>
